**2. Consent**

I agree that automatic exchanges of information be made between Agri-Traçabilité Québec, inc. (ATQ) and the Canadian Limousin Association regarding the data required for the Canadian Limousin Association tag program in particular, but not limited to: the Limousin tag numbers purchased, the ATQ stakeholder number, address and the registration/tattoo numbers declared.

The Canadian Limousin Association reserves the right to verify kinship of any animal having a Limousin identifier. Tagging your Limousin influence calves with Limousin tags not only shows your support of the Limousin breed but also allows for easy identification of Limousin animals at public auction, which may add value to your sale calves. Please note that your name, contact information, and tag numbers purchased could be used in a directory of producers participating to the Canadian Limousin Identification Program.

**3. Consent duration**

This consent will be effective from the date of reception at Agri-Traçabilité Québec. The consent may be cancelled by a written notice sent to ATQ.
